

# Purusharth Arora

Web Developer, Data Science Enthusiast

**Phone:** 9585366236

**Address:** D-10 Alliance Colony, Rudrapur, Uttarakhand, India

**Website:** <https://www.linkedin.com/in/purusharth-arora/>

**Email:** [arora.purusharth07@gmail.com](mailto:arora.purusharth07@gmail.com)

*I am a self-motivated, technology enthusiast, who wants to succeed in an environment of growth and excellence and develop skills to follow through.*

## PERSONAL QUALITIES

- Optimistic and Loaded with positive Attitude
- Excellent communication and presentation skills.
- Able to work in groups as well as an individual.

## EDUCATION

### Vellore Institute of Technology (V.I.T)

June 2015 - present

#### Bachelor of Technology (B-Tech)

Information Technology (I.T)

8.91/10 CGPA (6 Semester)

### R.A.N Public School

2015

#### Class 12 (C.B.S.E)

94.8% (Physics Chemistry Mathematics English)

### R.A.N Public School

2013

#### Class 10 (C.B.S.E)

9.8/10 CGPA (Science Topper)

## SKILLS

### Operating systems

- Windows 7/8/10
- Linux

### Softwares/Tools

- GIT
- Anaconda
- Sublime Text Editor Notepad++
- Jupyter Notebook
- WEKA
- Dash by Plotly
- CISCO Packet Tracer
- Android Studio
- IBM Watson

### Programming Languages

- C++
- Python (Data Science Specific)
- HTML CSS Bootstrap
- JavaScript JQuery
- Nodejs MongoDB
- PHP MySQL

## Technical Skills

- Data Visualisation
- Data Analysis
- Network Analysis
- Web Development
- Android Development

## EXPERIENCE

### Schneider Electric IT Business India Private Limited

June 2017 to July 2017

#### Technical Internship

The scope of this internship was to develop an Employee and Payroll Management Web Application using HTML, CSS, JavaScript, Bootstrap, MYSQL, and PHP. It has two main divisions which are Admin division and Employee division.

The main motive for developing this project was to provide an efficient and systematic solution for both employees and administrators to use variously related functionalities.

## PROJECTS

### Employee and Payroll Management System

June 2017 to August 2017

<https://github.com/Purusharth07/Employee-and-Payroll-Management>

It Makes use of two interfaces: Admin end and Employee end. Admin Interface Includes 1.ADMIN Login 2.Employee Management 3.Deductions 4.Income Mangement 5.Leave(s) Management. Employee Interface Includes: 1.Employee Login 2.Employee Details 3.Leave application 4.Income Display

### Social World

February 2017 to June 2017

<https://github.com/Purusharth07/Social-world>

A social networking website with facebook like facilities to post, like and comment your thoughts and ideas to your friends. A platform developed also include additional features such as TO-DO List to share common activities with your friends, Event Polling for getting a decisive outcome which is visible to all with the help of the Graph which updates in Real Time.

### Human\_Resource\_Analysis-and-Employee\_Attrition\_Prediction

March 2018

[https://github.com/Purusharth07/Human\\_Resource\\_Analysis-and-Employee\\_Attrition\\_Prediction](https://github.com/Purusharth07/Human_Resource_Analysis-and-Employee_Attrition_Prediction)

Data Science Project to develop a model that can predict whether the given Employee will be going for Turnover or not in the coming future and also to find all the possible reasons why Employees generally tend to do Turnover.

### Credit\_Score\_Analysis

March 2018

[https://github.com/Purusharth07/Credit\\_Score\\_Analysis](https://github.com/Purusharth07/Credit_Score_Analysis)

Data Science Project to Analyse and Develop a Credit Score Model.

### Android Messaging Application

September 2017 to October 2017

[https://github.com/Purusharth07/Android\\_Messaging\\_App-Using\\_Firebase-](https://github.com/Purusharth07/Android_Messaging_App-Using_Firebase-)

An android Messaging application using firebase. With the additional facility to capture and share photos as well.

### Network Analysis Using Cisco Packet Tracer

August 2017

A topology of networks was selected with routers, hubs, wifi modules, modems. Then network was studied to get the best ping for the sent data throughout the network using different networking protocols such as RIP, OSPF, and EIGRP using Cisco Packet Tracer.

## CERTIFICATIONS

### Neural Networks and Deep Learning

October 2017

by [deeplearning.ai](https://deeplearning.ai) on Coursera

Certification URL: <https://www.coursera.org/account/accomplishments/records/GXMBCVUMB2DA>

## Introduction to Data Science in Python

March 2018

by University of Michigan on Coursera

## VOLUNTEERING

### Society for Industrial and Applied Mathematics (SIAM), V.I.T

October 2016

Science and Technology

Technical speaker

---

### Creativity Club (C.C), V.I.T

August 2017

Animal Welfare

Public Speaker

---

## EXTRA CURRICULAR ACTIVITIES AND HOBBIES

### Extra Curricular Activities

- Technical Team Member, Society for Industrial and Applied Mathematics (SIAM), VIT.
- Member of the VIT Creativity Club.
- Participated in "What The Hack 1.0" hackathon. Among Final 5 at the "What The Hack 1.0" hackathon in Bangalore. The hackathon was based on the Machine Learning, Natural Language Processing, Artificial Intelligence.
- Participated in HDFC Insured Techathon.
- An active participant in cultural activities of the college.

### Hobbies and Interests

- Data Science
- Networking
- Learning new technologies
- Reading Novels
- Exploring new places
- Playing Football

## LANGUAGES

**English** (Full Professional Proficiency), **Hindi** (Native Proficiency), **Punjabi** (Native Proficiency)
